

Membership Plan

For 2010-2011 Chapter Year

**Fort Worth Chapter # 22
Fort Worth, Texas**

- I will continue to bring awareness of AGA to GSA employees and ask other members to help present AGA information to employees in their agencies.
- I will try to increase our membership by 10%. We are currently at 45 members and only have 4 members to not renew from last year. If I can get those 4 back plus one more, then that would be our 10%. Although, I would love to see us way above 50 members. I will work on getting those members back on board with AGA.
- I would like to see if we could have an Open house type meeting at GSA and put up flyers throughout the building to attract other services to AGA other than Finance. We could call it AGA day at GSA. I would have to clear it with GSA first. I think there is a lot of people at GSA that have never heard of AGA.
